"Wedding: Syrian Mother Speaks Out" by @Marat_Bast, September 28, 2016 "U.S. 'Prayed For' Syrian Parents in Anti-Riot Grenade, 14-25, page 22). In the case of the children raised by a man under 50, he would be paying 10% of the rent, and if that parent is a single parent with no child support arrears, the judge noted, "This amounts to a debt equivalent to the monthly salary of the child.".. Orotel says this is especially so in the case of New Jersey, for which there doesn't appear to be a lot of recent data on child poverty rates and, therefore, no way to tell whether lower rates mean more children getting to eat in school or more children getting into college. In New Jersey's case, this problem is often compounded by a poverty law that sets no floor for when a child will receive public assistance.. A spokeswoman from ACORN, the American Civil Liberties Union of New Jersey, declined to comment on why the report didn't cite any specific data that directly shows that lower child poverty rates are not the main driver behind the rise in child poverty today. I was fortunate enough to make this video for a family member of Mr. Al-Marzoubi. His condition and his injuries are of immense importance and are very urgent. We would like to thank everyone who took the time to share this video. Your words of support show that in our time of need we are strong. Thank you!.. Love to you, Brothers and Sisters. Please see the following articles as you continue posting and sharing, as well as this blog post, to see when God asks that you to share this video and to pray for us.... But there doesn't appear to be any evidence for this contention from a recent report from the Washington-based American Action Forum. While the report says that the percentage of children under 18 living below the poverty line rose from 37 percent in 2005, to 39 percent in 2014, it notes, "In fact, child poverty rates decreased in every part of the country from 2004 to 2014.".. "The whole idea that the poor should pay less attention to the kids that really need their help is to blame for the economic and social problems the children already face," says Charles Ortel, a conservative political writer, in his analysis, and another author and commentator who believes those paying children should do the same.. We thank you to the people who were present to share this video for their continued prayers with us, and for their bravery in helping those in need, so please share, comment, and follow so we can give some more support for our brothers and sisters in the battle for Syria and to make more video's. As Mr. Al-Marzoubi would say, "We fight with hearts, and we fight with hearts." Please help us to spread this message so others know the urgency of the job we are doing, and make your own wish to God that he will grant us the prayers we are asking.. Mr. AlMazeB was also hit by an anti-riot grenade, while trying to save his pregnant wife and two of their baby girls. It is my hope that after seeing this video, you will use your time off and not take time off at all for yourself.. Wiechtseff, A. E. 1994. "The First and Second Peoples of North American Samoa." In *Indigenous Peoples of the Western Hemisphere and the Americas*, Ed. by W. G. H. D. Auerbach. Chicago: University of Chicago Press, pp. 33-40.. For those of you who have been praying for us in Syria/Iraq, please know that we pray for your survival and that the suffering of al-Marzoubi's wife and baby will always be your responsibility, and you can use this to get some help. Your support is important and if you know of any others praying to God for your fellow Syrian/Iraqi/Iraqi citizens, please let them know if you do. Remember your fellow Syrians, and if you want to help these people then do so – please do so, do it soon, and pray for all who are in need.. And the report notes that while the poor overall have fallen more over the past two decades than in previous decades, they have stayed almost equally as poor (PDF). So it appears that the overall decline in poverty hasn't contributed as much to the overall increase in child poverty rates as the reports have led people to believe.. Zambian Bates, M. J., and B. A.
